

# 5 Ways A Print Assessment Can Benefit Your Company

Xeretec

## Cost Savings

**32%**

Reduce printing and documents costs. Print assessments can help you save up to 32%<sup>1</sup>

## Environmental Savings

Environmental gains through a reduction in deliveries, paper, electricity and CO2 emissions.

**30%** Reduction in electricity consumption<sup>1</sup>

**50%** Reduction in CO2 emissions<sup>1</sup>

**50%** Reduction in paper consumption<sup>1</sup>

## Fact Based Decision Making

Eliminate the need for guesswork, a print assessment provides you with the facts you need to **confidently make faster decisions.**

## Increase Security

**11%** of all security incidents are print related, 59% of these result in data losses costing on average **£313K per annum**<sup>2</sup>

**30%** Only 30% confident that their print infrastructure is protected from all threats<sup>3</sup>

A print assessment can help you identify security gaps, allowing you to put measures into place to stop potential threats.

## Improve Productivity

To make a real impact on workplace productivity, companies need to develop a true understanding of user behaviour. A print assessment can identify **what** people are printing, **how** they are printing and **why** they are printing.

## Vision Print Assessment

A Vision print assessment can help you optimise your print environment.

Results displayed on graphic and interactive dashboard for easy interpretation.
