

Simple, convenient and secure with the Xerox® @PrintByXerox app.

Hassle-free printing from any email-enabled mobile device

As the workplace becomes more mobile, you need a simple way for employees or visitors to print on the go.

@PrintByXerox is a free service that enables printing from any email-enabled devices (smartphone, tablet, computer, Chromebook) to a Xerox® Printer using a single email address.

For added convenience, all Xerox® AltaLink® and Xerox® VersaLink® products are shipped with the @PrintByXerox app as standard, so you're ready to go out of the box.

Step 1: Email your job to print@PrintByXerox.com (first time users will receive an emailed password)

Step 2: Walk up to your Xerox® ConnectKey®-enabled device and open the @PrintByXerox app, then enter your email address and password

Step 3: Select your job, press print to release

It's that simple!

BENEFITS

- Works with any email-enabled mobile device or computer
- No IT required, no additional software or apps to download
- No need to join the same network as the printer
- Accurate rendering of Microsoft® Office files, PDF, JPEG, etc.
- It's a totally free service!**

If your ConnectKey-enabled printer does not already have the printer app, simply download the app from Xerox App Gallery absolutely free.

**@PrintByXerox service is free. Charges for paper and toner may apply. Please contact the device owner.
