# XERETEC VISION
# PRINT ASSESSMENT TOOL

Delivering insight into your print environment

# ABOUT XERETEC VISION
# DYNAMIC VISUALISATION TOOL

## WHAT IS XERETEC VISION?

Our in-house software development team have developed a dynamic business analytical platform called Vision to provide you with a detailed view of your print environment, without the need for endless spreadsheets and reports.

Vision displays the data gathered during the assessment in a graphic and interactive dashboard, allowing you to easily analyse and interpret the information presented to you.

It combines analytics with powerful "what if" scenarios that enable Vision to easily identify inefficiencies and provide solutions for a more effective Managed Print Service.

## XERETEC MANAGED PRINT SERVICE

At Xeretec we believe that your Managed Print Service should deliver against your strategic business objectives. You may be looking for:

**COST REDUCTION & CONTROL**

**INCREASED PRODUCTIVITY**

**INCREASED COMPLIANCE**

Xeretec can help you on your journey to an optimised print environment which will deliver against your business goals.

## XERETEC PRINT ASSESSMENT

The first part of this journey is a print assessment to establish your current state. Xeretec will complete an in-depth assessment of your print environment to establish how your company prints, what it prints and most importantly why it prints. Once we have completed an in-depth assessment we use Vision to make recommendations based on fact to help you achieve your business objectives.

## VISION PROVIDES INSIGHTS INTO:

> **TOTAL COST OF OWNERSHIP**

Understand the true TCO of your print fleet by taking into account lease, service, operational, electrical and paper costs

> **DOCUMENT TYPES**

Understand the type of documents being printed from which applications

> **USER RESULTS**

Identify who is printing documents by user, department or site

> **'WHAT-IF?' ANALYSIS**

By introducing changes to your print enviroment, what would the impact be? Vision allows you to view potential future states at the click of a button

# IDENTIFY PAPER INTENSIVE PROCESSES

Vision can help you identify timely and costly paper intensive processes and recommend solutions to digitise and automate

## ACTIONABLE INTELLIGENCE

Eliminating the need for guesswork, Vision provides you with the facts you need to confidently make faster decisions to optimise your print environment. Our powerful What If analysis can show you, in real time, the impact of change and give you a glimpse of what your future print environment could look like.

## PRINT ASSESSMENT BENEFITS

> Reduction in print and document costs

> Increase print, document, process and workplace productivity

> Increase security through audit trails and measures to stop potential data breaches

> Environmental gains through a reduction in deliveries, paper, electricity and CO2 emissions

## OUR APPROACH

Eliminating the need for guesswork, Vision provides you with the facts you need to confidently make faster decisions to optimise your print environment.

Our powerful What If analysis can show you, in real time, the impact of change and give you a glimpse of what your future print environment could look like.

## CAPTURING YOUR DATA

We use a variety of tools to capture the data required. These tools can be installed remotely ensuring no disruption to your business. Our team will also visit your sites, map the devices onto floor plans and gather user information via interviews and web surveys. This process ensures the print assessment team have the complete picture to enable us to advise on potential solutions.

## FREE DEMONSTRATION
