# THE XERETEC
# 365 LICENCE
# HEALTHCHECK

**Xeretec IT Works**

**A better licencing strategy beats a discount any day**

## OUR AIM

Xeretec's aim is to test your existing investments and help you buy smarter

This is achieved by showing you:

► How your licences are being utilised
► Where you are exposed to security risk
► Recommended licence plans based on user requirements to avoid unecessary expense

**FREE**
**HEALTHCHECK MONITORING & REVIEWS**

Xeretec's 365 licence healthcheck provides you with a score based on how you're currently managing your:

1. Licences
2. Exchange Online
3. Security & identity
4. SharePoint & OneDrive
5. Teams

We also provide continued visibility & quarterly reviews with our licencing specialist for ongoing recommendations

## WHAT WILL YOU ACHIEVE?

**The collection of data across the 22 Microsoft portals**
► The business can view and control their entire Microsoft 365 tenant from one pane of glass

**Licence optimisation**
► Eliminate wasted licences and get the most out of your Microsoft 365 spend

**Align to security best practises**
► Gain visibility of Microsoft 365 attempted logins and if MFA is activated across all users

**Data loss prevention**
► Monitor OneDrive & SharePoint files being shared with external parties and identify guest users within Teams and security groups
